16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and
classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and nation government regulations, including applicable state regulations.
If (am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to
economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and se
the best waste management method that is available to me and that I can afford.
